**Notes:**

- Family rates are 2 times the above rates if you and your spouse are both under age 65, or if you and your spouse are both over age 65.
- Age categories are based on the Retiree's age as of the Retirement Date.
- For a couple where 1 individual is over 65 (Medicare) and 1 is under 65 (Non-Medicare) ***before March 1, 2010***, the monthly rate is \$306.00 per month. For a couple where 1 individual is over 65 (Medicare) and 1 is under 65 (Non-Medicare) ***on or after March 1, 2010***, the monthly rate is based on the Retiree's age ***plus*** the Spouse's age ***plus*** the number of pension credits the Retiree had at the Retirement Date.
- The monthly self-payment rates decrease as you age and will be based on your age as of March 1<sup>st</sup> of the Calendar Year. For example, if you retired at age 55, your rate will decrease on March 1<sup>st</sup> following the Calendar Year in which you turn age 60, again on March 1<sup>st</sup> following the Calendar Year in which you reach age 62, and finally when you reach age 65.
- Future rates will be based on plan costs.
