- > Family rates are 2 times the above rates if you and your spouse are both under age 65, or if you and your spouse are both over age 65.
- > For a couple where 1 individual is on Medicare and 1 is off Medicare before March 1, 2010, the monthly rate is \$349.00 per month. For a couple where 1 individual is over 65 (Medicare) and 1 is under 65 (Non-Medicare) on or after March 1, 2010, the monthly rate is based on the Retiree's age plus the Spouse's age plus the number of pension credits the Retiree had at the Retirement Date.
- > Rates change based on an individual's birthdate. For example, (according to the schedule above) if an individual is 61 years old, has 35 credits, has a birth date of June 15th and was paying \$248.00 per month, then effective July 1st, his monthly rate would decrease from \$248.00 to \$164.00 since he is now 62 years old on July 1st.
