Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$250 individual \$750 family (maximum of 3 individual deductibles per family per calendar year)	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. For employees and spouses participating in the wellness benefit and for enrollees in the plan's disease management program.	This plan covers some items and services even if you haven't met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	Yes. \$25 for prescription drugs per family. There are no other specific deductibles .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	\$1,250 per individual for PPO medical.	The out-of-pocket limit is the most you could pay during a covered period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit ?	Premiums , balance-billing , prescription drugs , health care services this plan does not cover, deductibles , covered services at non-PPO hospitals, non-PPO ambulatory surgical facilities, or by non-PPO physicians, and copayments for failure to obtain preauthorization for services.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .

<p>Will you pay less if you use a network provider?</p>	<p>Yes. For a list of participating providers, visit www.bcbsil.com or call 1-800-810-BLUE (2583) or call the Fund Office at 1-708-449-7373.</p>	<p>This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</p>
<p>Do you need a referral to see a specialist?</p>	<p>No. You do not need a referral to see a specialist.</p>	<p>You can see the specialist you choose without a referral.</p>

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
