DISABILITY PENSION RULES

Dear Participant:

In accordance with the Disability Pension provisions of the Plan, we are requesting that you submit proof that you are, or continue to be, totally and permanently disabled. According to the Plan rules, you are considered **totally and permanently disabled** only if a bodily injury or disease prevents you from engaging in any further employment as a Sheet Metal Worker or other employment in the construction industry and you are unable to work in any other employment or gainful pursuit, except for any activity at which you earn less than \$35,000 per year. You must submit proof that such disability is permanent and that it is expected to continue for the remainder of your life.

The Trustees are the full and final judges of Total and Permanent Disability and of entitlement to a Disability Pension under the Plan. In order to be eligible for a Disability Pension:

1. You must be **totally and permanently disabled** as defined above;
2. You must submit to an examination by a physician selected by the Board of Trustees;
3. You must have at least 10 Pension Credits, including at least four earned during the Contribution Period; and
4. You must have earned at least one-half (1/2) Pension Credit in Covered Employment within the 12 month period immediately preceding when you became **totally and permanently disabled**.

Also, your benefits may be suspended if you have at any time performed any employment in the Sheet Metal Industry at a position not covered by a Collective Bargaining Agreement between the Union and a Contributing Employer.

If you have a Social Security Disability Award, you must provide a copy of the award to the Trustees.

Note: It is important that you file an application for a disability pension immediately. There will be no retroactive payments if you fail to complete an application on a timely basis.

If you have any questions, please contact the Pension Fund Office at (708) 449-7373.

Sincerely,

The Board of Trustees
