Important Questions	Answers	Why This Matters:
<p>What is the overall deductible?</p>	<p>\$750 individual \$2,000 family</p>	<p>You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. The deductible starts over each January 1. See the chart starting on page 2 for how much you pay for covered services after you meet the deductible and for which services are subject to the deductible.</p>
<p>Are there services covered before you meet your deductible?</p>	<p>Yes. Preventive care, and for employees and spouses under the Plan's Wellness Benefit and for Enrollees in the Disease Management Program</p>	<p>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.</p>
<p>Are there other deductibles for specific services?</p>	<p>Yes. \$25 for prescription drugs per person. There are no other specific deductibles.</p>	<p>You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.</p>
<p>What is the out-of-pocket limit for this plan?</p>	<p>\$2,000 per individual for PPO medical; \$6,000 per individual for prescription drugs \$5,750 per family for PPO medical; \$10,000 per family for prescription drugs</p>	<p>The out-of-pocket limit is the most you could pay during the coverage period (usually one year) for your share of the cost of covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. This limit helps you plan for health care expenses.</p>
<p>What is not included in the out-of-pocket limit?</p>	<p>Premiums, balance billing, health care services this plan does not cover, deductibles, covered services at non-PPO hospitals and ambulatory surgical facilities or by non-PPO physicians, and copayments for failure to obtain preauthorization for certain services.</p>	<p>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</p>
<p>Will you pay less if you use a network provider?</p>	<p>Yes. For a list of participating providers, visit www.bcbsil.com or</p>	<p>This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a</p>
