Coverage for: Individual, Family | Plan Type: PPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-708-449-7373. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.http://www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf.com or call 1-708-449-7373 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$250 individual \$750 family (maximum of 3 individual deductibles per family per calendar year)	You must pay all the costs up to the <u>deductible</u> amount before this plan begins to pay for covered services you use. The <u>deductible</u> starts over each January 1. See the chart starting on page 2 for how much you pay for covered services after you meet the <u>deductible</u> and for which services are subject to the deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care.	This plan covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this plan covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. \$25 for dental benefits per person and \$25 for prescription drugs per person. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	\$750 per individual for PPO medical. \$2,000 individual prescription drugs. \$4,000 family prescription drugs.	The <u>out-of-pocket limit</u> is the most you could pay during the coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. If you have other family members in this plan, they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	Premiums, balance billing, health care services this plan does not cover, deductibles, covered services at non-PPO hospitals and ambulatory surgical facilities or by non-PPO physicians, and copayments for failure to obtain preauthorization for certain services.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a <u>network provider</u> ?	Yes. For a list of participating providers, visit www.bcbsil.com or call 1-800-810-BLUE (2583) or call the Fund Office at 1-708-449-7373.	This <u>plan</u> uses a provider <u>network</u> . You will pay less if you use a <u>provider</u> in the plan's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network</u>

		<u>provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
